PRODUCT DESCRIPTION

OKTIMA® FLUIDA is a liquid cream that has been specifically formulated to remove stubborn dirt from the hands, developing a rapid and deep cleansing action. Suitable for use in the industrial, automotive and DIY sectors. The presence of natural vegetable-based soaps and surfactants from renewable sources, combined with environmentally friendly and inert micronized scrubbing agents and Aloe Vera extract, ensures that the product respects the skin's natural pH balance, leaving hands soft and delicately scented. Dermatologically tested.

DIRECTIONS

Apply the product to your dry hands and rub them together, gradually adding water until all the dirt is dissolved. Rinse well and dry.

WARNING

Do not use the product on delicate areas (face, armpits, genitals). Keep away from the reach of children. Avoid contact with the eyes.
